Surface Preparation/Plating

A Certification of Conformance to the applicable surface preparation or plating specification is required with shipment. Material received without certification is subject to rejection and return to the supplier at the supplier's expense. The certification will contain, as a minimum, the following:

- Purchase order number, part number, revision, serial or lot number(s) of the part(s) covered by the certification;
- The name of the process (for example: passivation, anodizing, oxide coating, chemical conversion coating, painting, cleaning)
- Applicable specification including, as applicable: revision, notice, amendment, type, grade, class, method, or other qualifier, as specified on the purchase order, drawing or specification;
- Signature of the Quality Assurance Manager or other responsible member of the supplier's company (a typed name with title on a computer generated document is an acceptable substitute for signature).
- The title of the person signing.

Requirements, if any, for submittal of supporting data, are specified on the face of the purchase order.
