INSPECTION RECORDS

1. The supplier and subtier supplier through the supplier, if applicable, shall be responsible for meeting all requirements of drawing(s) and specifications. Actual acceptance inspections and test data must be submitted with shipment.
2. Final acceptance will be based on inspections performed at alliant Techsystems/ABL facilities. Alliant Techsystems/ABL reserves the right to reject shipments that are found defective as a result of sampling. Acceptance by alliant Techsystems/ABL source engineer at supplier's facility does not constitute final acceptance by alliant Techsystems/ABL.
3. Discrepant and nonconforming articles shall be rejected unless prior alliant Techsystems/ABL authorization for shipment is granted in writing and copy of authorization is included with shipment.
