

CENTURY FASTENERS CORP. QUALITY TERMS AND CONDITIONS

CLAUSE NUMBER: 01000-SQ-NG T&C-9

rev.000

EFFECTIVE: 05/31/2024

Mandatory Inspection Verification

Inspection of designated dimensional characteristics or processes is mandatory and must be witnessed and/or verified by the CF/NGC Quality Assurance Representative (QAR) servicing the supplier's facility. If an NGC QAR is resident at the facility, QAR will be given at least 24 hours' notice (one business day) prior to the inspection. If an CF/NGC QAR is not resident, the supplier shall notify the buyer at least five business days prior to the inspection. Mandatory inspection characteristics may be waived at the discretion of the QAR or quality assurance engineer. When inspection or verification is waived, the supplier will record "waived" on the inspection documentation adjacent to the waived characteristics and note the date of the waiver and the name of the CF/NGC representative granting the waiver. A listing of mandatory inspection characteristics will be provided by the buyer under separate cover.
